## Security alert on NASA decals

There have been multiple cases of theft or attempted theft of vehicle decals from employees working on military installations across the country. There have been recent incidents of lost decals and reported attempted theft of a decal at the Marshall Center. It is extremely important that employees take great care in protecting these decals from loss or theft. Employees should report any suspicious activity or loss involving vehicle decals to Protective Services immediately.

## Policy on visitor access to Redstone

All visitors entering Redstone Arsenal must be on a visitor authorization list or be escorted by a badged sponsor. A Web-based Visitor Management System allows on-site sponsors to enter the name of a U.S. citizen visiting the Marshall Center. The system allows the visitor to be processed at the gate and enter unescorted. Protective Services will review the list daily. Visitors' names must be entered into the system no later than 2 p.m. at least one working day prior to the visit. For more information, go to <http://ids12.msfc.nasa.gov/visitors/> or call Pat Echols at 544-4568 or Becky Hopson at 544-4541.
